Experience

Capgemini

Senior Consultant, Product Design Jan 2023 – May 2026

- Designed enterprise applications across robotics, energy management, surveillance, and internal tooling, simplifying complex workflows.
- Built reusable design systems and component libraries that improved consistency across products.
- Partnered with product managers and engineers from discovery through implementation.

Dell Technologies

Principal Product Designer (IxD / Visual Design) Mar 2022 – Jan 2023

- Designed experiences across 10+ Dell Peripheral Manager features.
- Designed Dell Pair and contributed to Dark Mode, one of the platform's most requested features.
- Conducted usability testing and collaborated closely with engineering before release.

Kantham AI

Founding Product Designer June 2025 – Present

- Led end-to-end product design for an AI-powered travel marketplace connecting creators, operators, and travelers.
- Built the product foundation from 0→1, designing the consumer app, AI assistant, booking experience, operator platform, and design system, supporting 300+ app downloads.
- Defined product strategy, information architecture, interaction design, and brand identity while partnering with founders and engineering.

Education

University of Illinois at Urbana-Champaign

BFA, Industrial Design 2017 – 2021
